

Dear Future Year 7 Students,

I would like to introduce myself as your new form tutor when you join The Orme Academy in September 2021. My name is Miss Heath, and I am a Performing Arts teacher here.

When you join the Academy in September, I will also be new, therefore we will be embarking on this journey together. I am extremely excited to welcome you to our tutor group and I will be responsible for supporting you over the next 5 years and ensuring you achieve your full potential.

When you join my tutor group, you'll see that I have high expectations of how students behave in lessons and around the Academy. My key ethos is showing respect to others, the Academy and its equipment, the environment, your academy uniform and most importantly to your teachers and peers.

I look forward to meeting you and working with you in September and I am sure we will have the best form group and set the foundations to empower you all for life.
