

Dear Students and Parents of our new Year 7,

My name is Miss Wright and I will be your new form tutor from September 2023. I am an IT and Computing teacher at The Orme Academy and I am very excited that you will be joining the best form!

At The Orme Academy we have high expectations of all our students and as your form tutor, I am here to help you obtain these standards along your journey at our school. In our form we will focus on mutual respect, which means I expect you to respect everyone in our form and I will also respect all of you. I would also expect us to all treat others the way that we would like to be treated.

As your form tutor, I will do everything I can to ensure you enjoy this new experience at secondary school. Please enjoy your last week of Year 6 and I will see you in September!

*Miss J Wright*
