

September 2021

Dear Parents/Carers

Re: Year 11 Parental Engagement Evening

On Thursday 23 September we will be holding a virtual parental engagement evening via Microsoft Teams from 5:00 - 6:00 pm. The virtual event will cover the following:

- An introduction to the importance of revision and how you can support your child at home
- Support with revision strategies
- An overview of the expectations in English, Maths and Science delivered by our Heads of Department

If you would like to participate in the parental engagement meeting, please can I ask that you follow the link below to complete the Microsoft form. This will allow us to identify the email address that you would like to use and to send out an invite for the meeting. We ask that this is completed by **Wednesday 22 September 2021**.

<https://forms.office.com/Pages/ResponsePage.aspx?id=48aZkktFFECRk1vXiMa8-t9AOoQtRtJIhYxQ4juDL-ZUNU9DNjgxRDcyTlhEWWdPVjg4NUNIVDVWSS4u>

Please note these sessions are not your traditional parents' evenings where individual information and progress on your child is provided. This opportunity will happen later in the academic year.

For those parents who are unable to make the live session, we will be recording the session and adding it to our website under the Parents tab in the section 'Keeping in Touch'.

We value your ongoing support as concerned parents/carers and therefore, we strongly recommend that you attend this event virtually so that you are fully informed of what lies ahead during this critical year in your child's education. Should you have any queries relating to this evening, please do not hesitate to contact the Academy. Thank you in advance for your understanding and assistance.

Yours sincerely

Ashleigh Smith
Assistant Principal: Learning and Teaching
