

Behaviour and Suspension/Exclusion Policy

Procedure Originator:	ACA
Approved By:	MBO
Date Approved:	November 2020
Review Interval:	2 years
Last Review Date:	February 2023
Next Review Date:	June 2024
Audience:	All stakeholders

Our Aims are:

To make quality learning and teaching our first priority.

To ensure all students are safe and able to learn.

To ensure that everyone is challenged and supported to be the best that they can be.

Our behaviour policy is designed to support these aims. The basis of our policy is positive: we wish to “catch students being good” and reward them for it. However, on occasions, students may behave inappropriately and will be dealt with accordingly.

It is the responsibility of every member of the Academy community to maintain a positive, purposeful and calm environment around the Academy. Our behaviour policy aims to support and promote good behaviour for learning by developing a sense of community amongst staff and students, based on shared values. The goal is to maintain a disciplined climate for learning that underpins every aspect of school life, enabling teachers to teach, students to learn and drive forward our vision of ‘Empowering Learners for Life.’

Students are responsible for their own behaviour. Consequences will result from their choices – be this rewards or sanctions.

Students, parents/carers and Academy staff share the responsibility to ensure that learning is not disrupted due to bad behaviour.

We do not tolerate anti-social behaviour in any form. However, we realise that such behaviour could be attributed to a combination of inter-related factors. Therefore, we will work closely with the student and parents/carers to develop strategies which can be adopted by both home and school to help the student overcome their problems within a consistent and secure environment.

Developing excellent behaviour for learning at The Orme Academy is based on the following five principles:

- All staff acting as role models for the behaviours and attitudes we seek to develop in students.
- Explicitly teaching the behaviours and attitudes we seek to develop in our students, recognising those students who consistently behave in a positive way together with those who demonstrate improvements.
- Creating an emotionally intelligent environment, where positive staff – student relationships are based on mutual respect and a calm, compassionate and resilient approach.
- Encouraging a consistency of response to both positive and negative behaviour.
- Restorative approaches to managing behaviour used by staff when a problem arises, which both rely on and encourage the strength of staff-student relationships.

Developing excellent Attitudes to Learning in the classroom

At the core of our work is our ‘Attitude to Learning’ criteria, which provides clarity over the behaviour and attitude we are expecting of our students. It is important that this is part of the language used in every lesson,

being displayed and explicitly referred to by staff. This will ensure students are clear on what makes an outstanding 'Attitude to Learning' for that lesson, as well as the opportunity to reflect and to be able to target areas for improvement. We will monitor closely 'Attitudes to Learning' in lessons.

This will involve: how well equipped students are; their punctuality to lessons; how quickly they start their work and how they continue to work throughout lessons. Additional rewards will be given to students who show consistently good 'Attitude to Learning'. Appropriate support and sanctions will be used where a student's attitude to learning is preventing them from making good progress. (For ATL descriptors see Appendix 1.)

Rewarding consistently positive attitudes to learning

At The Orme Academy we consider it to be important for praise and rewards to have a considerable emphasis within the Academy; therefore, students should expect to achieve recognition for their positive contribution to school life. However, the use of our Academy rewards systems should not be limited to those whose academic work is outstanding but should also be used as acknowledgement of hard work, determination, good citizenship, acts of kindness and other actions worthy of reward and nurture.

It is expected that good standards of behaviour are encouraged through the adherence to the Attitude to Learning criteria and supported by a balanced combination of rewards and sanctions. It is important to develop and maintain consistency in the application of the reward system. Merit points will be added automatically to the system for students who are engaged or highly motivated. Examples of rewards which staff are encouraged to use for academic achievement, appropriate behaviour and outstanding effort other than the merit system include but are not limited to; general praise and encouragement in lessons, praise through postcards and phone calls home, certificates, mentions in assembly and presentation evenings.

Consequences of poor behaviour

All actions bring consequences and there are times when students do not get it right. The system of sanctions outlines specific responses to various behaviours and shows a clear line of escalation if necessary. (See appendix 2).

If a student's behaviour becomes an ongoing concern across a number of lessons in a subject, it is important that there is an increase in the response to quickly and effectively resolve the issue, with the class teacher and Subject Leader maintaining ownership and responsibility. If a student causes concern in several areas, the Form Tutor, Pastoral Support Officer and Head of Year will intervene and support where necessary.

Suspensions

No Principal likes to suspend a student from school, but there may be times when this is necessary. If your child has been suspended it means that he or she will not be allowed to attend the Academy for a fixed period of time due to the serious nature of their behaviour. The evidence required to suspend will need to meet the 'civil standard' of proof i.e. on the balance of probability, it is more likely than not that the student was responsible for the breach of Academy discipline.

There are a number of reasons that a child can be suspended from the Academy but they can be summarised as follows:

- 1 - If they have seriously broken Academy rules
- 2 - Allowing them to stay in school would seriously harm their education or welfare, or the education or welfare of other students

Work will be set for your child if suspended for longer than one school day.

Your child cannot be given suspensions which total more than 45 school days in any one school year.

If your child receives 15+ days of suspensions in one term, then a meeting of the Academy Council will be called to discuss whether or not your child should be re-admitted.

We will contact you on the day a suspension is given and follow up with a letter including information on:

- the period and reason for suspension;
- your duty during the first five days of any suspension to ensure that your child is not present in a public place during normal school hours, whether in the company of a parent/carer or not
- readmission arrangements including a re-integration meeting with yourself and your child.

Permanent exclusions

Permanent exclusion is typically a last resort, after trying to improve the student's behaviour through other means. However, there are exceptional circumstances in which the Principal may decide to permanently exclude a student for a 'one-off' offence, these include but are not limited to serious physical assault, being in possession of an illegal substance or weapons on site.

If your child has been permanently excluded, be aware that:

- the Academy's Academy Council is required to review the Principal's decision and you may meet with them to explain your views on the exclusion
- if the Academy Council approves the exclusion, you can appeal to an independent review panel
- we must explain in a letter how to lodge an appeal
- the local authority must provide full-time education from the sixth day of a permanent exclusion.

Incidents that typically will lead to suspension or permanent exclusion include:

- Physical assault against a student including fighting
- Physical assault against an adult
- Verbal abuse and threatening behaviour against a student
- Verbal abuse and threatening behaviour against an adult
- Abuse against sexual orientation and gender identity
- Abuse relating to disability
- Instigating violence even if not directly being violent
- Bullying
- Racist abuse

- Sexual misconduct
- Theft
- Damage to property
- Serious challenges to authority
- Persistent disruption of learning
- Serious breaches of the ICT code of conduct
- Inappropriate use of social media or online technology
- Deliberate misuse of the fire alarm
- Wilful and repeated transgression of protective measures in place to protect public health
- Drug and alcohol related incidents – this may include the abuse of a legal substance
- Possession of /or dealing drugs at school
- Possession of a weapon, including replica weapons
- Making malicious allegations against a member of staff
- Inciting others to breach the Academy rules
- Behaviour that endangers themselves or others
- Behaviour which brings the Academy into disrepute and tarnishes the reputation of the Academy, even if this behaviour occurs outside of Academy time/hours
- Recording/filming any of the above incidents

Internal Suspension (Reflection) is a sanction which is to be considered one step from a suspension. Reflection can be used to defuse situations or deal with issues that occur in the Academy that require a student to be removed from class but may not require removal from the Academy premises. The Reflection room is a designated area within the Academy, with appropriate support and supervision.

Uniform

All students will attend in full Academy uniform. Wearing correct Academy uniform, correctly at all times is key to a student's learning and to that end we will ensure this happens through both praise and sanctions. If a child arrives at the Academy in incorrect uniform, then parents will be contacted in order to attempt to solve the problem with their support. If a student attends the Academy in incorrect footwear then they will be expected to wear Academy provided shoes until appropriate footwear is obtained. If a student refuses to wear correct uniform or uniform correctly then sanctions will be employed in order to help correct this. It is expected that students will wear their uniform correctly on the entire journey to and from school. A special emphasis will be made, before and after school in the local community, in order to ensure that the Academy uniform is worn in the correct manner.

Smoking

The Academy operates a strict no smoking policy. This includes within the Academy buildings and grounds as well as on the way to and from school whilst in Academy uniform. This includes the use of e-cigarettes and vapes.

Any student found smoking anywhere on the school site can expect to be punished and any smoking materials will be confiscated.

From 1st October 2015 the law changed so that it became illegal:

- for retailers to sell electronic cigarettes (e-cigarettes) or e-liquids to someone under 18
- for adults to buy (or try to buy) tobacco products or e-cigarettes for someone under 18

Parents will be informed as soon as possible after the issue has been raised.

Any students caught smoking or in possession of smoking materials will be issued with a fixed term suspension and parents will be invited in for a meeting. At the readmission meeting, the expectation will be that students take on smoking cessation either through the school or externally via parents.

Repeated breaking of this rule will result in further suspension and intervention.

Guidance, regulation, policy and latest research for e cigarettes can be seen via the following government link:
<https://www.gov.uk/government/collections/e-cigarettes-and-vaping-policy-regulation-and-guidance#uk-e-cigarettes-regulation>

Mobile phones/communication devices

Mobile phones/communication devices are not generally permitted to be used on the Academy site. However, there may be occasions when teaching staff give permission for mobile phones to be used as part of the teaching and learning process during lessons. If a student's mobile phone/communication device goes off, or they are seen using it, without explicit permission from a member of staff, this will be confiscated. If it is the first time that it has been confiscated, it will be returned to the student at the end of the day; on subsequent occasions, parents/ carers will need to collect it from reception.

Searching Students

The power to search students without consent

In addition to the general power to use reasonable force, staff may conduct a search for the following prohibited items: (though this list is not exhaustive)

- Knives and weapons
- Alcohol
- Illegal drugs
- Stolen items
- Cigarettes and vapes
- Tobacco and cigarette papers
- Fireworks
- Pornographic images
- Any article that has been or is likely to be used to commit an offence, cause personal injury or damage to property

Payment toward damages

If a student causes damage to anything in the Academy, then they will be asked for a contribution towards the cost of any repair. This may apply even if the damage is accidental.

Reasonable Adjustments to Sanctions

All sanctions will be reasonably adjusted with regard to identified diagnosed disabilities in consultation with the SENCO and, if appropriate, the Academy's educational psychologist.

Additional Information

This policy applies to all Academy related activities including visits, residential and extracurricular events. This also includes the journey to and from school. Other out of school incidents may be considered if the Principal believes that they will have a serious impact within the Academy. This would include behaviour which brings the Academy into disrepute or tarnishes the reputation of the Academy.

This document should be read in conjunction with:

1. Anti-Bullying Policy
2. Attendance Policy
3. Learning and Teaching Policy
4. Single Equality Scheme
5. ICT policy
6. Safeguarding policy
7. Acceptable Use Policy

Monitoring and Evaluation

We will be monitoring this policy through analysis of data, quality assurance procedures and through reports to the Academy Council.
